	Grand-Total	74,690	33,800	22,560	131,050

The course is implemented on school-based sessions in various training Centres across the country. Current Centres are Shimo-La- Tewa High School, Kericho TTC, Eregi TTC, Migori TTC and KISE Main Campus.

Due to the nature of the program, students are advised to seek accommodation close to the training centre. Some Centres offer accommodation at concessional rates met separately by the student.

The Institute reserves the right to vary fees. In such a case, communication to affected students will suffice.
